

STEWARDING CREATION

a faith-based Earth Day presentation by Josh Schlicht
to follow our 8:30am service (presentation will start at 9:30am)
Earth Day Sunday, April 21

Taking care of God's creation is directly connected to our faith.

CTK Member, Josh Schlicht is a graduate of UW-Stevens Point where he majored in both Wildlife Ecology and Biology. In his work for the Ozaukee Washington Land Trust's stewardship department he helps manage and enhance preserves for native wildlife and plant communities.

In his upcoming talk, Josh will share with us some ideas on how we can be better stewards of God's creation.

*God made the Earth by his power, he founded the world by his wisdom, and stretched out the heavens by his understanding.
Jeremiah 10:12-13*

Free to attend and open to the public!

Christ the King ELCA | 420 W. Whitefish Rd, Port Washington, WI
