### A Visit with a Senator

On April 12th, we and other groups, like Feeding America Eastern Wisconsin and the Farm Shed were invited by Ozaukee Food Alliance to participate in a roundtable listening session with U.S. Senator Tammy Baldwin. It was an interesting discussion regarding the impacts of potential cuts to food programs that benefit many of our clients. There was general consensus that any cuts to programs like SNAP (branded 'FoodShare' in Wisconsin), will likely cause our clients to be even more reliant on services food pantries provide. Our pantry obtains free or

low-cost food from Feeding America. Many of our clients use FoodShare and WIC. Cuts impacting those programs and more could affect everyone (clients, food banks, pantries, and schools) financially. Although some cuts have already been made, it's hard to discern the long-term impacts, because budget legislation hasn't been put forward yet. If you wish to help, please contact your House of Representatives member or Senators Baldwin and Johnson to register your concern about potential food program cuts.

### Monthly Items to be Computerized

Starting in June, we will begin logging client monthly items into our computer system, rather than on manual cards. Attendants in that area will scan client badges, bring up their 'household' screen, and be able to navigate and make up-

dates to their monthly items section. There they will be able to record items distributed or see how many items clients have checked out for the month. The system is flexible enough to handle exceptions that may occur. Training will be provided by Scott Brost.

## Cheese for Everyone!

Facilitated by the Food Recovery Network, we received a pallet of fancy shredded sharp cheddar cheese from Sargento. Each case of cheese contained nine 2 pound bags. This item has been very popular with our clients. We would like to thank Family Sharing for picking up and delivering this donation to us.

## Notes

- We have a new receipt process. There is now a 2-part form that people receiving donor goods will fill out. The white copy is given to the donor. The yellow part is kept with the donation. The weight will be recorded on the yellow copy. The yellow copy is then placed into the 'Assorted Donors' folder near the food sorting table. This will help us to keep better track of donations so that we don't miss any 'thank you' notes to donors.
